LET us have the 7th of April a clean, fair and honest primary election so that there will be no room for dissatisfaction or scores to trouble the party at the general election in November.

WE trust the time is past when the boodler in Democratic primaries in Chariton County can go around with an air of respectability. If not, then vote it past at the primary the 7th of April, good and heavy.

In the main an exceptionally clean, honest and capable lot of men are before the Democrats of

Chariton county for nomination at the coming primary. There is small chance to make a mistake and if you do no one but yourself will be to blame.

NEARLY ever voter in the county knows the old scullions who take boodle and have no choice between candidates until they are paid to make a choice. Mark the candidates that these leprous wretches are working for and vote against them with all your might and main.

LET decency and respectability be your guide in casting your votes at the Democratic primary on a week from to-morrow. If you know a candidate is unworthy of your support, because he is dishonest or has resorted to disreputable methods to secure his nomination, you can be neither decent nor respectable when you cast your ballot for such a candidate. Don't you do it.

WHILE it is true that the roads are awful, the fact remains that those who have sold their votes will be out in full force at the Democratic primary election Saturday, April 7. This being the case it is all the more urgent for respectable Democrats to be at the polls that day and cast their ballot, as all honest men should, against boodling. There are enough good men to win the victory over boodle if they will only go to the election and vote. Don't stay at home, for a weighty responsibility rests upon your shoulders, decent Democrats, and you should discharge your duty like men. We hope and believe you will do it.

Business Opening

At Mendon. Brick store-room, formerly occupied by Correll-Stephens Mercantile Co.; 27x104 feet with wareroom; finest fixtures in county; lighted with gas, between bank and post-office—best location in town; good trade assured. Write or phone cashier of Bank of Mendon, Mendon, Mo.

Reward.

Strayed or stolen from my place one mile southwest of Dalton, a large black Newfoundland dog with breast, front feet, toes of right hind foot and tip of tail white. I will give a liberal reward for his return.

T. L. KUNZ.

Only one week from to-morrow till the Democratic primary. The candidates are now getting around as lively as the mud will allow them to move and that isn't very fast. Much interest is being taken in the election and it is quite likely that a large vote will be polled.

D. J. Holman, Keytesville's new postmaster, will take charge of the post-office next Sunday morning, April 1. Mr. Holman will use the Gaston fixtures until he can get those he bought from the old Moberly post-office which will probably be sometime next week. John Chivers, who was postmaster here during President Grover Cleveland's second term, will assist Mr. Holman until he can familiarize himself with the duties of the office.

Baptist Church Notes.

There was no preaching service at the Baptist church last Sunday. The pastor was confined to his bed with lagrippe, but he will be able to meet his congregation next Sunday.

Through the months of March and April we make a contribution to foreign missions: God, the Father, gave Jesus Christ, his son, to foreign mission. What will you give to the same cause?

Sunday-school last Sunday number 90.

The president of the Agoga Bible class, Roy Pearson, taught the class in the absence of the pastor. One young man came 11-2 miles through the mud to attend this class. "Where there is a will there is a way."

The subject for the devotional meeting of the B. Y. P. U. for next Sunday evening is "Lives that Endure," Mat. 7:24-25; Eph. 2:19-22; II Tim. 2:14-19; I Tim. 6:17-19. Leader Mrs. C. A. Chapman.

Subject: Sacred Literature Course. "The Fifteenth Day in Life of Jesus, page 340 in January service. Election of officers next Sunday evening.

Junior B. Y. P. U.'s report a good meeting last Sunday. They are very enthusiastic and will make their union tell for good.

Now altogether for 120 in Sunday-School next Sunday morning.

F. L. A.

Methodist Church Notes.

Next Sunday morning is the time for the children again. We hope to see many present. Subject: For morning, "The Child Moses;" for evening, "Elijah discouraged."

We are glad to say our sick folks are all better, and we fondly look for sunshine.

At the last official meeting it was determined to hold a tent meeting the latter part of July or the first of August.

A judge of Kentucky has held that playing progressive eucher for prizes is gambling. What about the church member who disregards his honor to God and the church? If we do not care to keep our vows why take them? Why continue in the church?

O. H. P.

The country home of W. B. Oldham, near Eccles, and most of its contents were, we regret to learn, destroyed by fire Thursday morning of last week about 8 o'clock. The fire was caused by an imperfect flue in the sitting-room. The loss is placed at \$1,000. There was no insurance.

John Sutliff, Sr., of Huntsville, who is now 83 years old, has invented a motive power which, he claims, can be operated without fuel—in fact, it is perpetual motion brought about by utilizing the force produced from energy and the attraction of gravitation. Mr. Sutliff says that his machine will produce any amount of motive power desired without any expense for fuel of any kind. If this be true Mr. Sutliff will soon find himself the greatest man in the world.

R. A. Partch, a prominent farmer and stockman of Salt Creek township, returned home Friday morning from Chicago where he had been with a carload of finely fattened cattle and a carload of butcher stuff. Mr. Partch did well enough on the shipment to subscribe for the COURIER and had money left. He is making a feed of six other carloads of good cattle and we hope he will do well enough on them to send the Great Favorite Weekly to all of his neighbors who are not subscribers, but ought to be.

Kit Couch of Fayetteville, Ark., a nephew of our fellow townsman, O. B. Anderson, sends us \$1 to renew his subscription to the COURIER. Kit says that he still enjoys reading the news from his old stamping ground; that he is fat and

saucy since moving to Arkansas; that they are having lots of rain this spring, and that very little farm work has been done. They are anticipating a big fruit and berry crop. Kit also informs us that he likes Arkansas better than he expected. There are several Chariton county people, he says, in that part of the state, but he hasn't met many of them yet.

John B. Bartee of near Mendon, who is so constituted that he don't like to walk when he can ride, could not resist the temptation to board a Santa Fe freight train as it was coming up a grade, near the residence of the late W. R. Ray, just east of Mendon, last Friday morning. Mr. Bartee thought the train would stop when it reached the Mendon depot, but it didn't stop and he jumped off and fell in such a way as to break his right collarbone. He also skinned one of his arms badly between the elbow and wrist. The necessary repairs were made by Dr. W. B. Lucas, and we hope that Mr. Bartee, who is now doubtless cultivating a taste for walking, will soon be all right again.
